I think what you are doing is a travesty. If you close Salt Point Park, you'll destroy the Park. The park relies heavily on fees collected from divers and fisherman for its maintenance. Without those fees, the park will fall into disrepair. As for closing private property, what's the point. For all intent it is already closed. Why not put your reserve in a place nobody uses very much, like that whole stretch from Jenner to Fort Ross. But leave the parks open. They are the only public access we have.
